**“En-Lightened” Living with Solar Energy**  
**A Workshop for Cape Residents**

**Description/Agenda:**

The Eastham Climate Action Committee is organizing a free event for Cape residents titled “En-Lightened Living - A Solar Workshop” for Saturday October 28 from 10am to 1pm at the Eastham Library. In the face of climate change, solar energy is playing a crucial role in transitioning toward a sustainable and greener future, and can provide residents significant savings on electric bills. This workshop will feature independent energy professionals to explain and simplify the options available to residents, and will also provide opportunities for hands-on help from neighbors to navigate through the decision and evaluation process, the financing process, and the contracting and installation process.
