

Town of Eastham Climate Action Committee (CAC) Meeting Minutes

Public Event at the Eastham Library

Thursday, April 20, 2023 at 6:00 PM

Location: Greg Turner Room, Eastham Library, Hybrid Participation available

Climate Change: Causes, Impacts, Implications for Cape Cod, and What We Can Do

Sciences-based presentation by guest speaker Jud Stailey, a nationally recognized climatologist and NOAA meteorologist. Engaged in a discussion with the audience on what is causing climate change and how it impacts our local weather. Learned what the latest observations tell us about how this might play out in the future in our region, and how we can do our part to both prepare for and to mitigate these effects for ourselves and our children.

Meeting ended at 7:30 pm.
